GETTING STARTED
Instructions on how to find your member number and phone banking PIN.

Your member number
The easiest, quickest way to find your member number is on the overview page within online banking. Your membership number is available at the top right of the screen. Simply click to view.

Your phone banking PIN
You can create or change your phone banking PIN through Alliant Online Banking (alliantcreditunion.com). Choose “My Profile & Settings” then “Self Service Telephone (SST)” and follow the prompts. This method allows you to set your own PIN that is easy for you to remember. Or call an Alliant Member Service Consultant 24/7 at 800-328-1935 to request a phone banking PIN to be mailed to you. You can also create a PIN within the phone banking system. Simply say, “Create PIN” or “Need to reset my PIN” to be directed to an agent for assistance. Please note that your phone banking PIN does not affect any of your existing Alliant PINs. Always keep your PIN private and confidential, and treat it as you would a credit card or check.

NAVIGATION TIPS

9 = Main Menu
0 = Agent

• When entering a dollar amount, enter dollars and cents as one continuous number followed by the # sign (e.g., enter $50.25 as 5025#).
• To confirm a successful transaction, do not disconnect until the system responds “successfully processed.”
